Re: Request to dispose of obsolete or defective equipment

The I.T. Department respectfully requests permission to dispose of the following equipment:

1. Hirsch building access control system (defective, replaced after PSF flood of 2007)
2. Network switches: (5) HP Procurve, (2) 3Com Superstack (circa 2000, replaced by I-net construction)
3. Various Nortel Norstar and Meridian telephone equipment (circa 1999-2001, replaced by voice-over-IP conversion)
4. (12) Hewlett-Packard Proliant servers (circa 2001-2008, defective and/or replaced due to virtualization efforts)

All equipment listed is either defective or of no further use to the Town.

Regards,
